Pokémon Trainer Club Account

How do I add a Player ID to my account?

If you have participated in a tournament or league and you have received a Player ID card, you do not have to wait for the Tournament or League Organizer to register your participation! To add your Player ID to your Pokémon Trainer Club profile, just enter your new Player ID and PIN on the My OP tab of your Profile page.

Once the Tournament or League Organizer records your event participation, you will see the updated information in your My OP tab.

If you are a parent of a child Organized Play participant, you will need to add the information for him or her.

1. Sign in to your account and click the name of the child whose Organized Play information you wish to add.
2. Click on the Organized Play tab, then enter your child's Player ID and PIN.
3. Review and agree to the Terms of Use, then click the "Sign Up" button.
4. To permit your child to receive benefits such as rankings and Player Rewards, you will also need to add a physical address to your child's account.

This information will be kept private and used only for contact from The Pokémon Company International.

Some older Player ID cards do not have a PIN on them. They are still valid.

If you received one of these cards, enter the Player ID on the My OP tab and leave the PIN field blank. Please note that if you do not provide a PIN, you will not be able to add your Player ID to your Pokémon Trainer Club profile until the Tournament or League Organizer has reported your event participation. This usually happens within five to seven days of the event. If you still cannot add your Player ID more than five days after the event, please contact the organizer who gave it to you for help. If this is not possible, please contact Pokemon Support for assistance.

You will need a Pokemon Trainer Club Account and complete the Casual Player track in order to win the special Pokeball charms at the end of the quarter. Check in every week to verify your trainer account and to receive the weekly promo and code cards.

Pokken Tournament Game At League

Pokkén Tournament is a fighting game in which two fighters battle against each other using various Pokémon, with gameplay shifting between "Field Phase" where the Pokémon move freely around the arena, and "Duel Phase" where they move relative each other similar to the Tekken games.

Heath Ward has now obtained a Nintendo Wii U and the Pokken Tournament game. We have had several test runs of the game. It is amazing. We hope to have tournaments setup with Pokken. We will still continue to also hold our Smash Brothers tournaments as well.

As Pokemon open up Pokken Tournament for the Championship Series we'll pass that information along to you.

Any questions please see the league leaders.
