## Pika Ribbon Campaign

We are beginning a fair play campaign with in our league. This program was introduced at National and World's. After speaking to the creator of this program I thought it was a good idea to bring this to our league and further enhance our league environment.

When a player pledges to follow the "Pika Ribbon Seven", that player is issued a sticker (whiles supplies last) to indicate that you will follow in a fair play manner at all of our events, by completing the Pika Ribbon Pledge card.

## Video Game Players...

Pokemon to add your Pokemon video games. Found at <http://www.pokedit.com/download/default-pkm/pokemon-black/>.

### PokEdit Default PKM Database

This is where the website stores all the PKM files that are used as the default for their PKM Editor They say if you're looking for some legal PKMs at level 100 and shiny, then you've come to the right place.

### How this DB works?

There is a different set of default PKMs for each game in their Editor starting with Black and White and some of the older Pokemon games. You can change the game on the website. You can use the PokéSearch to search for any Pokemon by name. Type just the first letter to filter the result by a particular letter. You can also use the filter to sort the results by Pokemon Type and you can sort the rows too!

Check it out and let's us know what you think.
